Every year we run the fabulous picture product fundraiser. . How often have you wished there was some permanent way you could keep the drawings and paintings your children do at kinder? Their artworks are brought home and proudly displayed for everyone to admire, but most times they just disappear. Now it is possible to have those drawings preserved as a family keepsake, both decorative and useful.

Picture products are simply beautiful. Children love showing off their very own Picture products, and as the years go by and they grow up and have their own families, their Picture products will bring back memories of those happy carefree childhood years.

Drawings for these products are to be done at home under careful supervision for families who choose to participate.

The Order form can be found at this [LINK](#)

Orders are due in by May 24th. Once your order is submitted you will receive the special drawing paper for your child to create their masterpiece. Along with payment details.

Once all the drawings are back they are sent away for production. Production of Picture products can take up to 12 weeks.

Any questions please see Sally.

Prices are as Follows-
